GET STARTED WITH MUNINPLAY

1. DOWNLOAD THE APP
the MuninPlay app is free and works with Android and iOS

2. CREATE PROFILE OR START PLAYING
Place your phone in the cradle behind the net on your m-station

108 SOCCER DRILLS

You can develop your skills much faster if you can measure how capable you are. If you know how quick you are on your feet, if you know how accurately you shoot, if you know how well you control the ball. MuninPlay makes it possible and gives you a unique insight into your skills.

There are 108 drills in MuninPlay, covering everything necessary to turn you into a complete soccer player. From passes, dribbles and first touches to finishing and speed. Each drill is illustrated with easily accessed practice cards and introductory videos. Watch in detail how to do each of the soccer training drills and see how to position m-station, cones and the goal to get the best result.

PROFILE & STATS

With MuninPlay you get your own soccer profile. It will tell you how much you have practiced, what drills you have completed

and where your strengths are. It will provide you with lots of fun and inspirational data on your individual soccer skills.

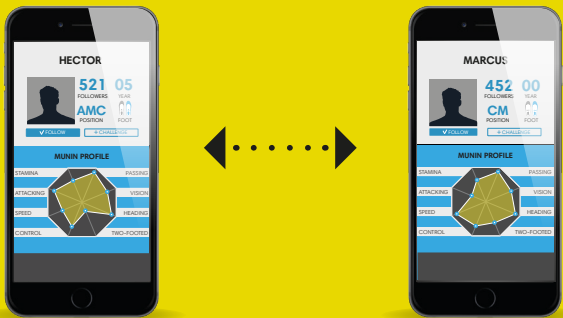

VIDEOS

Watch in details how to do each of the football training drills and see how to position m-station, cones and the goal to get the best result.

SOCIAL

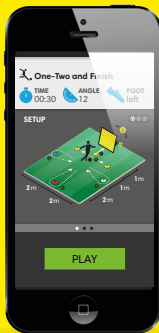

Find your friends in MuninPlay and check out their latest activities in the friends feed. Select the multiplayer option to compete with your friends and family at home or challenge them online.

HOW MUNINPLAY WORKS

1. CHOOSE DRILL

Open MuninPlay on your phone and select the drill you want

2. MOUNT THE PHONE

Place your phone in the cradle behind the net on your m-station

3. START PLAYING

Let the fun begin and play alone or with friends

4. VIEW STATS

View the stats on your performance and progression

MUNINPLAY FEATURES

THE M-STATION PRODUCT RANGE

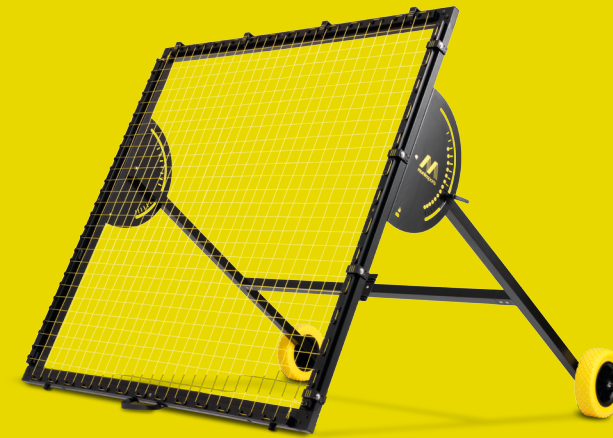

Original edition

m-station Talent and the MuninPlay app are the only training system in the world to measure your technical skills. The MuninPlay app transforms your smartphone into your own personal coach and your backyard into a world class training facility.

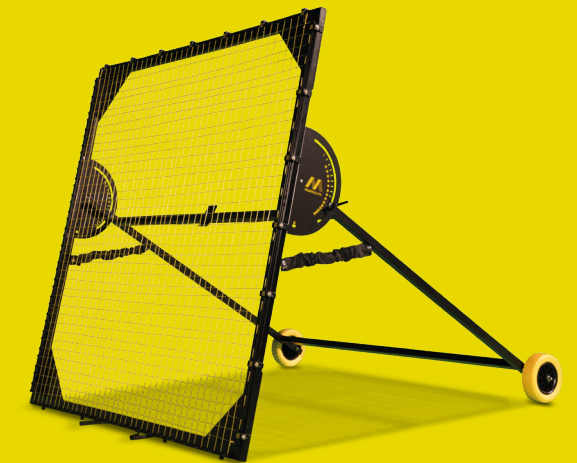

Basic edition

The great match between functionality and price. It has the patented string system with the superior rebound effect that has made the m-station family known as the best rebounders in the world. And it has a basic rear construction with two inclination settings. One for flat passes and one for high passes.

Club edition

We have taken the original m-station Talent and given it an even stronger body. Reinforced aluminum parts and stronger nuts and bolts make the Club Edition perfect for hours of daily use in clubs and academies.

Academy edition

If you want your players to develop their technical skills faster, the m-station Academy is your choice. Increased size and durability. The m-station is used by Real Madrid, Chelsea, Manchester United, Bayern München, Arsenal, and many more.

HOW TO SELECT TYPE OF PASSES

Untighten the handles in each side, choose the angle and tighten the handles firmly when the new angle is decided.

Select 0-1: Receive passes along the ground!

Select 7-9: Receive passes in the air. The higher the number the higher the passes!

Munin Sports is not responsible for injury or damage to persons or property resulting from incorrect assembly of m-station. m-station is a training apparatus developed for professional football training. m-station must therefore never be used by children under the age of 12. Particular attention is drawn to the fact that small children, if m-station is not used in accordance with instructions, risk becoming trapped in the assembled netting. m-station must not be assembled, dismantled, moved or otherwise handled by a children. m-station must only be used for the exercises explicitly presented on www.muninsports.com. When adjusting the angle of m-station make sure to keep all bodyparts away from any moving parts of the product. Munin Sports disclaims all responsibility for injury and damage to persons or property caused during storage, exercises or other use being undertaken deviating from or in contradiction to the use presented on www.muninsports.com. Storage or use of m-station deviating from or in contradiction of instructions for use takes place at the user's own risk. Never make any changes to the product or use any sparepart not provided by Munin Sports. Review and tighten all screws and bolts every 2nd month.
